

My body

**belongs
to me.**

**I am
me,**

you
are
you,

and

it's

not

**going
too
well.**

Mass personalization.

Individualization

**of all
conditions**

**– of life,
work,
misery.**

Diffuse schizophrenia.

**Rampant
depression.**

Atomization

**into fine
paranoiac**

particles.

**Hysterics
upon
contact.**

The more

**I want
to be Me,**

**the more
I feel**

an emptiness.
